## **Customer Reviews**

Started out slow after the end of all out war I was expecting it to blast off, but no, Kirkman gave us a little break before blowing us away.

Very exciting. First one I have read. Long time television series fan. I realize now how different they really are.

It's a great read. I'm a big fan of the series. I will not rate each volume separately or go into the story but I do recommend the series. I will copy and paste this review for each volume.

This was a nice slow down comic that had a real neat ending that makes me really want to read the next story.

It's like watching the evolution of a whole new world unfold before your eyes. It's a beautifully crafted story and incredibly engaging.

Love it!

Love the characters and story development

Great story line
