Intimate Relationships, Marriages, And Families

Synopsis

This comprehensive introduction to marriage and the family combines the most current research base with an emphasis on family background and diversity. It presents a positive perspective on families and focuses on the importance of public and social policy in the lives of families. Each chapter concludes with a section on public policy and critical thinking questions. The text makes research and statistics easy for students to follow and understand, and it integrates cultural diversity throughout.

Mary Kay DeGenova received her Ph.D. in 1992 from Purdue University in Child Development and Family Studies. She was an associate professor of Family Studies at Central Michigan University and the University of New Hampshire and has taught various courses on marriage and the family. Her work on this text is a direct result of her experience in the classroom and her experiences with diversity, including work as a Peace Corps Volunteer in West Africa and a Fulbright Scholar in Chile. In addition to her recent work on this text DeGenova has written *Families in Cultural Context: Strengths and Challenges in Diversity*, published by Mayfield Publishing Company. She has written numerous journal articles, presented papers at many conferences, and appeared in anthologies. She is currently working from home on numerous writing projects while caring for her two children. Nancy Stinnett has a masters from Oklahoma State University. She has been teaching classes on marriage, parenting, and general human development at the University of Alabama since 1987. Nancy has coauthored books on marriage and family with her husband, Nick, who she has

been married to for 41 years. Nick and Nancy have 2 grown sons and 4 grandchildren and live in Northport Alabama. F. Philip Rice received his Ed.D. in Marriage and Family Relationships from Teachers College of Columbia University. He is a Professor Emeritus at the University of Maine-Orono, where he taught courses in the field of Marriage and Family for many years. His years of experience teaching courses on marriage and the Family, Human Sexuality, Contemporary Marriages, Human Development, and many others come through in this text. In addition to writing Intimate Relationships, Marriages and Families he has written more than twenty other texts on Marriage and Family, Stepparenting, Working Mothers, Human Sexuality, Human Development, and numerous others in related fields. His principal areas of research include Human Development, Child Development, Adolescent Development, Adult Development, and Marriage and Family Relations. Nick Stinnett received his PHD from Florida State University and has taught in the area of family studies since 1968. He currently teaches courses on marriage and family at The University of Alabama. Nick is a nationally and internationally recognized leader and researcher in the area of family strengths. In addition to his work on Intimate Relationships, Marriages, & Families, he is a coauthor with Nancy, his wife, and James Walters on Relationships in Marriage and Family, 5th edition, published by Pearson. He is also a coauthor, with Joe Beam, on Fantastic Families: 6 Proven Steps to Building a Strong Family, as well as Secrets of Strong Families, which he coauthored with John DeFrain.

I got this book for my psychology course. It shipped super quickly which was great because I was able to get familiar with the text and layout before my class came. It also came in amazing condition, almost brand new. This was nice for I could highlight and much more without someone else's work being mixed in with mine. The text was extremely informative and easy to follow. It really did an amazing job at teaching all the concepts about intimate relationships within marriages and families.

I was required to purchase this book for a 300-level Family Psychology course. However, this text would be a better fit for a 100-level "Marriage & Family" general education course. It is mostly full of statistics from studies chosen by the authors and does not include deeper analysis. I expect that a text for a 300-level course would be much more involved.

Thank you will return back as received. Very satisfied.

Rented for class, and was a decent read.

I think this book was perfect for the class we used it in. It went in depth on many topics and had some nice review topics. I also thought the layout was great. I recommend this for any college student who wants to pursue working with families.

Excellent

it was just what I was expecting and very satisfied with it if I have to get something else like that this would be the first place I will check

Great, they were fast! Great information and very helpful, wish I had read this book when I was younger! Good Read and Class!
