Aventuras 4th Student Edition

Easy to follow along, bought used came in good condition. The one thing that I didn't care for too much is how some of the activities at end of chapters cover vocabulary that was not used in the chapter - so was lost trying to answer some of the questions. Definitely recommend Supersite Plus its a huge help and comes with mobile app for phone to practice.

As much as I disliked my professors, this book has helped me learn more than the professors who get paid to teach me.

As described

The first few pages in the book are torn through as if they were meant to be a bookmark. You have to be careful to turn the pages to keep from completely ripping

Was exactly what we needed the actual text book to go along with a previously purchased digital version.

Great book for beginner Spanish learners.

Condition could be better.

Very very displeased!!! Said it came with code and found out it was not valid. Had to purchase code for 170.00.
