Best Sellers Rank: #2,557,058 in Books (See Top 100 in Books) #18 in [Books > Teens > Sports & Outdoors > Basketball](#)

Customer Reviews

TRADE PB

This book tells the hardships of living in a poor inner city apartment, hoping that one day you will make it to the NBA. It tells two true stories that actually happened. How that playground kids put in the effort to get a scholarship for basketball from Isiah Thomas's former high school. It tells what life after basketball is, and how living with not much can still mean living. This book captures what reading is all about, learning things about places that you may of never been before. This book is one of the best biographies ever, anybody who knows and understands basketball should read, and love this book. The book is better than the movie.

The book was well organized and well written. I was able to understand how two young teenagers experience life in their low budget environment. And to them they see that basketball is their only way out of the inner city. Overall I feel that this book can help out many teenagers that think that playing in the NBA is the only way out of poverty

Hoop Dreams gives the world an opportunity to learn about Arthur Agee, William Gates and their families. More importantly, this book is an opportunity for the reader to improve the quality of their own life by taking an introspective look at family values, choices, and career dreams.
