# Official CPC Certification Study Guide, 5th Edition

## Synopsis

"Official CPC Certification Study Guide - (ICD-9)" Packed with test-taking tips and techniques, the OFFICIAL CPC CERTIFICATION STUDY GUIDE delivers a current and comprehensive review that is the ideal prep for the AAPC CPC Certification Exam. The guide begins with a complete summary of the business of medicine, ensuring a solid understanding of the medical office and the role of the coder. It covers ICD-9-CM guidelines using real-life examples. Each body system is reviewed, including coverage of anatomy, related diagnosis coding, CPT coding, HCPCS Level II coding, and modifiers. End-of-chapter questions are modeled after those on the actual certification exam, and operative notes give readers further hands-on experience coding what they have learned. An end-of-guide practice exam gives readers additional practice putting their skills to the test.

## Book Information

Paperback: 416 pages

Publisher: Delmar Cengage Learning; 5th edition (December 2, 2014)

Language: English

ISBN-10: 1285734580

ISBN-13: 978-1285734583

Shipping Weight: 1.8 pounds (View shipping rates and policies)

Average Customer Review: 3.7 out of 5 stars 21 customer reviews

Best Sellers Rank: #415,642 in Books (See Top 100 in Books) #109 in [Books > Textbooks > Medicine & Health Sciences > Administration & Policy > Practice Management & Reimbursement](#) #122 in [Books > Business & Money > Insurance > Health](#) #144 in [Books > Medical Books > Administration & Medicine Economics > Practice Management & Reimbursement](#)

## Customer Reviews

The American Academy of Professional Coders was founded in 1988 to provide education and professional certification to physician-based medical coders, as well as to elevate the standards of medical coding by providing student training, certification and ongoing education, networking and job opportunities. AAPC has a worldwide membership base topping 110,000-more than 78,000 of whom are certified. The quality of AAPC certifications coupled with the strength in its membership numbers offers certified AAPC members credibility in the workforce-as well as higher wages.

The fifth edition I received in January 2016 still contained references to ICD-9-CM which was

replaced by ICD-10-CM in October 2015. It proved to be relatively useless as a training tool for future CPC Certification Exams. I expected better with the AAPC logo. ICD-10-CM is needed now. The topical organization and explanations remain helpful. I would have loved it last year. Jim Cummings, AAPC member

Do not get this book!!! It is not going to help you with all the new updates. It has the codes for ICD 9, which was discounted last year.

Passed my exam using this; had some of the same or similar questions. I recommend it!

It is not meet my expectations becoz it icd 9 course and i need icd 10 cm but cpt is completely cover in this book

Excellent!

Getting ready for the exam in June. Feeling more and more confident.

This is the guy. This book will make you pass the exam. I read the book two times and I was ready for the exam. I am not a coder by profession I just one to add this to my list of titles and to increase my knowledge. I also recommend to purchase the questions in the website. I pass with a 92% score. The best book to learn coding.

It does help with studying for the CPC exam, I felt it was a very good purchase.
