Knives 2014: The World's Greatest Knife Book

Synopsis

Revealing the best of handcrafted knives! You don't have to be the world's utmost authority on custom knives, a collector of high-end pieces with pockets deeper than the Grand Canyon, a maker yourself or an authoritative historian to appreciate the utility and beauty of the handmade blades in this book. Celebrating its 34th annual edition, *Knives 2014* boldly goes where no other knife book has gone before, attempting to showcase the best of the best in handmade and production blades. The world's finest knives--whether everyday carry pieces, hunters, bushcraft blades, flipper folders or highly embellished works of art--find a home in *Knives 2014*. And each is complemented by well-researched information and specifications of every model. Add in a comprehensive Custom Knifemaker Directory, including email addresses, websites, phone numbers, specialties and technical information, and it becomes apparent why those in the industry own every volume of this coveted book. Fascinating feature articles cover climbing knives, the "Decathlete of Big Blades"--the camp knife, art knives, automatics, high-carbon-steel blades, antique pocketknives, straight razors, "Blades of the Grand Bazaar" and even mauls for splitting wood. World's most complete Directory of Custom Knifemakers. Hot trends in handmade knives. State of the art embellishments and knifemaking techniques. Comprehensive overview of knives and their makers. More knives, articles, information, trend-setting innovations and state-of-the-art knifemaking methods than any other book on the market!

Joe Kertzman has authored 13 editions of the Knives annual book, as well as Art of the Knife, Blade's Guide to Making Knives, and four editions of Sporting Knives. In addition, Joe is Managing Editor of BLADE Magazine and provides regular editorial and blog posts for www.blademag.com.

If you want a book filled with illustrations on knives this isn't quite it. If you want a book that is primarily a database of knifemakers, manufacturers, services, suppliers, and dealers then this is your book -comprehensive. On my Kindle 8.9 the pictures run out and the listings start at location 3285 of 16509 and indicates 23%. As a pix book to satisfy your knife fantasies - good pix of art knives but not enough factory or semi-custom.

Beautiful knife art. I didn't know this craft existed. I used this as a GIFT BOOK to a friend and he loved it. I would like to have seen more photos on the process of making knives, but I was compensated by the beautiful photographs of works of knife art. Enjoyable and for the price a very good buy.

It is a beautiful book. However, it is not that useful. I wish I had bought a different one. Perhaps I didn't read the description carefully enough.

It only shows partial pictures of the knives often times omitting the most important part of the knife, The Tip of the knife.

This is a nice book but it dwelled more on high end collector knives and not your every day products. If you are looking to buy the best and the most expensive then this is your book .

For two reasons this is a book all knife enthusiasts will love. Lastly because I own "The Viking Knife by Peter Cary" . Actually this copy went to my friend Lloyd Hale as a gift, he being one of the top knife makers on the world. His complete story is in this book and for a Hale Collector or admirer a must read.

This was supposed to be a Christmas gift for my husband but I gave it to him early and he loved it.

He has a huge knife collection and some of the knives -according to the book-is valuable. thank you

Another to add to my collection
