## Customer Reviews

I didn't find that the art always corresponded to the passages, so if you plan to use these for passage meditation, sometimes it doesn't work all that well. That being said, the images are beautiful and the cards are a handy way to get a passage for the day.

These were beautiful sturdy cards and gorgeous artwork. I would have given it 5 stars but I only received 65 cards instead of the 68 that is printed on the box. Not sure what is missing.

Essential and must have for devotees of the Gita. These cards are great for worship, meditation or contemplation. Also wonderful for study with serious students of Bhagavad Gita.

A very helpful oracle deck and educational tool for those who have been blessed with visions of Krishna.

I love this deck. The cards are very sturdy and look as described. The paintings of the Gods and Goddesses are beautiful. Each card has a verse from Bhagvad Gita on the back. Someone with interest in Hindu pantheon and Bhagvad Gita should buy it. I would definitely recommend it.

By far, my favorite deck! The artwork is beautiful & traditional style, which is what I prefer in Hindu art. The way the verses are set up is also in the style of the philosophical literature from which it is created. A must have!

I discovered the deck with a friend of mine who knows the Gita wisdom. As there is no booklet for the explanation of the verses, I'm getting involved in studying the Gita! Nice...

Very Beautiful, but confused.
