# Yona Of The Dawn, Vol. 3

## Synopsis

A red-haired princess loses her family and her kingdom. Now she must rise and fight for her throne! Princess Yona lives an ideal life as the only princess of her kingdom. Doted on by her father, the king, and protected by her faithful guard Hak, she cherishes the time spent with the man she loves, Su-won. But everything changes on her 16th birthday when tragedy strikes her family! Yona and Hak set out on a journey to find a priest who can see the future. After they get severely injured falling from a cliff, a boy named Yun and his guardian Ik-su nurse them back to health. and Ik-su happens to be a priest! When Yona tells him that she wishes to protect the lives of those who are precious to her, what path will Ik-su show her?

## Customer Reviews

Born on February 3 in Kumamoto Prefecture in Japan, Mizuho Kusanagi debuted with *Yoiko no Kokoroe* (The Rules of a Good Child) in 2003. Her other works include *NG Life*, which was serialized in *Hana to Yume* and *The Hana to Yume* magazines and published by Hakusensha in Japan. *Yona of the Dawn* became an anime in 2014 and is currently airing on Funimation.

I love this series. It really deserves a lot of love and attention. The anime is also amazing. Readers who think this is a typical shojo should think again. This has a truly interesting plot, world and characters. The plot is more than just a setting so two characters can fawn over each other, though

there is romance. The hero, Yona, has a backbone and fire in her eyes. It's great. They'd better keep releasing all the volumes because the anime ends before the manga does (though there are hopes of another season). The main character, Yona, starts off as a pampered princess, but after being betrayed on her 16th birthday, has to leave her palace. With the help of her bodyguard Hak she learns to use a bow and later a sword in a very realistic time frame (she's not an expert overnight and you'll often see how practice affects her, lack of sleep, etc.) Later she goes on a quest to find legendary dragon warriors who are connected to the myth of how her kingdom came to be. Yona's change from a princess to warrior is well done and it's wonderful to watch her grow. Other characters, such as her bodyguard Hak, also change. I adore how Hak goes from your typical "I must protect her" to not only training Yona but getting excited / pumped up as Yona becomes stronger and more determined. While some of the characters have typical traits - the bodyguard, the charming thief, the smart one, the shy one - they are all given enough time to endear themselves to the reader. The art is also good, though I have seen better when it comes to fighting (see Bleach by Tite Kubo). However, I still enjoy it.

In this volume, we learn the tale of the legendary dragon warriors and how they relate to Yona. We also see Yona and Hak, along with some new allies, begin their journey across the kingdom of Kouka. I think one of my favorite aspects of this volume is how damn funny Kusanagi-sensei can be. After the dark and painful events from the first two volumes of this series, volume 3 provides some much needed laughs with Hak's witty one-liners, Yun's "I-know-I'm-perfect" attitude and the overly devoted dragon tribe. Aside from that, the character development is solid, art is gorgeous, and the plot is engrossing. This is hands-down my all-time favorite series.

So here is the third volume of a hit anime,. The art has a lot of detail I just love to see Yona defeat her so called cousin and become queen of the kingdom but does she the question lies with the rest of the story.

Love the art style, the characters, pretty much everything about this series. We have Yona find the first of four dragons in this book. I already can't wait for the next volume. Even though the anime (which reallllly needs another season or 2) follows pretty closely, I really enjoy getting to experience the story again in the manga format. As someone who has read all the chapters currently out in Japan, I can say that this series is one of my favorite of all time, and I am very excited to own all of the volumes as they come out in the US.

It's not just that the characters grow, but that they care about each other deeply. It's a great story, turning into an epic saga and #3 is devoted to increasing the tension as Yona searches for more people to aid her. Keep reading, it only gets better!

Started reading this online and it hooked me, i had to have it. Working on getting them all.

Good read. Big Yona of the Dawn Fan. I wish ALL the volumes were available on kindle since I live in a small place and don't have room to store an actual copy or set.

I absolutely love Yona of the Dawn, it is a wonderful read with such a captivating plot line and great characters.
