Resource for Students Studying for the MPTÂ "In Perform Your Best on the Bar Exam Performance Test (MPT), Mary Campbell Gallagher sets out a 'Four-Part Perform You Best MPT System' .Â These timing guides are right on the mark . . . Professor Lisa Young, Law School Academic Support Blog A book like this is long overdue. As far as I can tell, the large commercial bar review courses have yet to fully master how to train students to take the MPT. Mary Campbell Gallagher provides students with a detailed, well-constructed method for succeeding on the MPT and similar exams. Louis J. Sirico, Jr., Professor of Law, Director of Legal Writing, Villanova

University School of Law, Member, Board of Directors, Legal Writing Institute (former), Member, Editorial Board, Legal Writing: The Journal of the Legal Writing Institute --Perform Your Best on the Bar Exam Performance Test (MPT)Mary Campbell Gallagher has set a new standard in bar exam preparation materials. One of the reasons so many people have trouble with bar exams is that they don't want to spend time practicing to take the exam by actually taking practice exams under exam conditions. The tone of the instructions here is calm, straightforward, and authoritative. The effect is to instill confidence in the applicant and persuade the applicant that with practice, success is very much possible. I like the way the instructions are given more than once in different ways. Providing so much hands-on practical information is also helpful, like tips about using subject headings and about exactly what a passing answer should contain and how it should look, including length. The instruction in this book is simply priceless. Prince C. Oh boy! What a godsend for a disorganized brain. Prof. Cambell's matrix system is a wonderful way to organize the mpt task and utilize your time wisely. If you put in the practice, you will master how to use 45 minutes to read, organize your grid or matrix and then the other 45 to write and finish the task. It is a good method for a person who tends to become overwhelmed, discouraged and not able to organize the material on this section of the bar exam. It really boosted my confidence level. If you are disciplined and study well solo, this method of organization might help you too.

The book has good content and very thorough. I definitely recommend it to bar takers who are writing their exams. The only issue is with the MPT-MATRIX. It is not practical for people who are typing their exam. The MPT-MATRIX is your outline. So you draw a table and fill in everything you gathered from the file and the library. Later you write your answer based on what you gathered and wrote on your Mpt-MATRIX (table). Why you have to write and later type them in your answer. It makes more sense and will save you a lot of time if you type your outline and then copy paste and

move your sentences around. I wonder what other typists have to say ? Or if the Author has other suggestions to student who are typing their exam

Get both Mary Gallagher Books. It is not the end all, but a good supplement that will help you in school. I recommend this book and Ms. Gallagher's Essay book. The Essay book helped me in school and on the bar. The MPT book was great exercise too.

I really like the grid sheet method this book teaches. I am sure that I'll use that same method for real life law practice as well. This book tells you exactly how much time you should spend on reading each section in the MPT booklet, organizing the materials, and writing. I did not do as many MPT practices as Mary recommends in this book. But doing a few practice questions while strictly adhering to the method taught in this book gave me a tremendous confidence. I felt ready. I saw MPT as extra bonus section for me to pass the NY bar. Results? I passed the July 2013 NY bar. Get this book, summarize the key points, and strictly follow them when practicing. You will do well.

I am not sure how people leave a negative review for this book. This book has THE perfect and the most effective approach for PTs. (MATRIX APPROACH IS INGENIOUS Thank you Ms. Gallagher for all your hard work. She literally spoon feeds the whole process. If you read this book and still can't figure it out then nothing else will help. Thanks again!!!!

better than MPT of BARBRI.

I took BarWrite®'s bootcamp and used this book. I am 110% confident that it was the BarWrite course that put me over the top on re-taking the exam. You're gambling with and risking a passing score if you take the bar exam without first taking the MPT BarWrite course. Take the course, buy this book. The best money I EVER spent for bar prep.
