Customer Reviews

Didn't give enough of an overview.

Boring and non discribed

it was so so.

I love this as it gave me a summary of the book. I also purchased the book, but this is a good

reminder.

The title says it all. This is Life Changing...and well written to boot.

Fabulous book. New way to organize and have twice the space.

Everybody should read this book, and put it into practice

Marie Kondo did a wonderful work and guides us towards the strategies in maximum benefit in minimum time. I like this book very much, it is the most quick and simple summary for organizing your time and work. Due to my busy work routine I am unable to check book in detail so this book helped me a lot to understand what is in the full version in this book and to save my life. This book is an executive summary and analysis of life-changing magic of tidying up and made me more curious to read the full version but in future I will read the full book. This is an incredible book that provides me per chapter summary and commentary and provides additional resources which are helpful for life. I spend my money on the worthy book of a wonderful woman who created the KonMari system so we can get the helpful tips in decluttering and organizing our houses.
