Piano Pieces For Children 2 (EFS No. 250)

Synopsis

(Music Sales America). A classic repertoire book for young pianists, which provides a wealth of piano favorites. As with Volume One, the scope of the material included is broad and thorough, ranging from the works of the great masters, to the folk tunes and dances of many lands. This collection encompasses grades one through to four.

Grade Level: 1 - 4

Customer Reviews

Amy Appleby is a critically-acclaimed author of books and recordings on music. Educated at Yale University, she has helped millions of readers play, read, and compose music in a wide range of musical styles.

A bit more rudimentary than I expected, but contains good "warm up" pieces. Had I realized it was geared to absolute beginners, I might have looked for a more challenging book.

I ordered the plastic comb version of this book, assuming it would be easier to lay flat on the piano. However, there is something strange about this book. It appears to be a photocopy of the original book...and cites a different publisher. It also omits Amy Appleby's name. I'm not sure if this is a knock-off of the original or what.

This book was recommended by my daughter's piano teacher. She said it was good for a pianist's repertoire. It is NOT all easy pieces. The pieces become progressively harder. My daughter is enjoying this very much.

This book is quite good. The amount of repertoire is great. I gave it 4 stars instead of 5 because I was hoping it would have more children's songs that were suited for today's 21st Century youth. Many of the songs are appropriate, however, I believe there could have been some replacement songs, rather than such a huge supply of classical pieces (not that there's anything wrong with supplying a few classical pieces). All in all, I was glad that it had multiple levels of progress inside the book. If I had any suggestions to the authors of this book w/ all of its arrangements, I would have used more songs in C Major (to gear the beginning student for the absolute beginning pieces). Don't get me wrong, I WOULD recommend this book for students / teachers.

Very nice music book for young learners (and adults who are starting over!) The music selection is varied and quite nice.

A lot of different songs. Great book

Happy to have this music book! I love playing my childhood songs!

Good music pieces for children
