## Customer Reviews

New York Times bestselling author John Sazaklis enjoys writing children's books about his favorite characters. He has also illustrated Spider-Man books and created toys used in MAD Magazine. To him, it's a dream come true! John lives with his beautiful wife in New York City.

I ordered Guardians of the Galaxy Little Golden Book for my nephew for Christmas. I cannot wait for him to open and read it. He loved the movie and even had a dog named Groot for a while. I know that he is going to love it. My nephew is an avid reader, and I want to help encourage him to continue to love reading. I am so glad that Little Golden Books has continued to publish books that are exciting for children to read. The story is easy to follow and geared for a younger audience. The illustrations are wonderful and really help to bring the story to life. I love all the colors and playful depictions of the story.

This book DOES NOT follow the movie at all; it simply introduces the heroes/villains. Not what I was expecting considering my previous little golden books purchase, The Force Awakens, which had a much better story line incorporated.

Unfortunately, there was no story. It was just a fragmented introduction to various characters in the Guardians comic. Not really fun for a small child.

Cool book

This book is adorable

Great

My 3yo loves it! Perfect for little ones that aren't old enough for the comics or movie

Thought this would be a kid version of the film, like with the incredible Star Wars Golden Books. It is not. It introduces the characters and then introduces some bad guys with some bizarre semi-plot that is just "Sometimes they fight the bad guys and they win! Hooray!" So lame.
