401 Great Discussion Questions For Couples In Long Distance Relationships

Synopsis

Do you ever wonder what to ask apart from, “How was your day?” Show someone you love how much you care and pick up these 401 fun discussion questions for couples. Whether an ocean or a dinner table separates you, this book will Spark fresh conversations and make you laugh Help you learn new things about each other (yes, no matter how long you’ve been together) Make talking together easy and fun Help you talk about topics you’ve been nervous to bring up Draw you closer together and build the kind of intimacy that really matters – the kind that lasts. Why asking good questions is a superpower Think about someone you want to have a better, closer relationship with. Maybe this person is someone you’ve recently started dating. Maybe you’ve been married to them for a decade already. Maybe they are a good friend. In every scenario, there is a superpower skill that will help you get to know this person better – something that will encourage them to relax and open up, share honestly, and deepen and strengthen your relationship. That superpower skill is “asking good questions”. When you ask and answer thoughtful questions, you can:

- Learn what makes someone tick, and how you are similar and different to them in important ways
- Avoid some painful misunderstandings and miscommunications
- Identify likely areas of tension or conflict before they catch you by surprise
- Learn to talk through disagreements in ways that help you, rather than hurt you
- Build a strong sense of security, love, and trust

One minute to download = dozens of fun date nights The questions in this book are organized into 19 chapters for easy reference. Here is a peek at the first six chapters:

1. For Fun: Desert Island And What If? Light-hearted questions that ask you to dream, play, and laugh.
2. Today: A dozen alternatives to “How was your day?”
3. Life Right Now: About who you are right now in life.
4. What Do You Think? What you think about life, love, lying, and everything in between.
5. Tell Them: A chance to share your own thoughts and memories about them.
6. Highlights and Lowlights: About the extremes – the highs and lows of life.

Additional chapters will help you explore childhood, your family, your work, study and passions, stress, the future, and more. FREE BONUS: Ten Games To Get You Talking 401 Great Discussion Questions can keep you talking, laughing, thinking, and sharing for hours. But just in case using a book of discussion questions feels a bit strange, or you’re not sure where to start, we’ve included a free bonus for you. Ten Games To Get You Talking gives you ten fun ways to use this book. Playing one of these games can banish any weirdness, and allow you both to relax and enjoy connecting, sharing, and growing closer in all the ways that matter most. Customer Reviews

My boyfriend and I just finished this book. We would read some questions each time we talk on the phone. The questions range from light hearted and will give you something to laugh about; to serious questions that really make you think. There are even a few questions that may have you saying, Oh my! Can I really say that? All questions help you get to know each other better. It was interesting to find things in the book that we have already shared or had begun to do. We noticed that a couple of questions duplicate from other relationship books. Also some questions are a series of questions grouped in one. Over all I would say it's a very good book for what it aims to be. I would highly recommend this book to other couples in long distance relationships.

I've been in a very long distance relationship (Texas/Norway) for almost a year. A big part of what is making it work so well is that we are both constantly looking for new ways to connect and things that

we can do together when we call or spend time together online. Our relationship likely wouldn't have even started if it wasn't for us asking so many questions. There are tons of lists that can be googled. We did the 32 questions to fall in love and then so many "awkward" question lists just for the laughs, but it really helped to build trust between us. Just because of that, this book has been a little hit and miss. There are tons of questions that we've already covered, many things that we already know about each other, but there have been a few that have lead to very interesting conversations. To me, it was worth the \$4, especially if you are very early on in your long distance relationship. But, a lot of this can be googled or come up with on your own with just a little creativity.

I kinda of feel that there should have been at least an additional question, to make it an even 202. This would soothe my ocd tendencies. Other than that, great book. My girlfriend and I enjoy asking each other the questions, and the book does a good job explaining the purpose behind the series of questions.

I loved the book!!! Unfortunately, things didn't go as planned with my partner. I guess he just wasn't the right guy for me. Oh well.

We have had some great discussions, and relationship building because of this book. Some discussions just didn't materialize as hard as we tried to make it move. Some questions just fell flat. All in all a good book, that is helpful in making a couple engaged in a long distance relationship think about topics they might not otherwise.

Provides a little insight for LDRs, but not very in-depth. Some questions may be things you have already discussed as a couple, but it does provide some good topics for discussion. I have been in an LDR for almost a year, and this book did help with some good discussion topics we had not previously talked about.

Some good questions, some I never would have thought to ask. I like how it was divided into sections and how she explained the purpose of each section. There were some wonderful quotes in the paragraphs before the questions were listed.

I am in an LDR and most of the questions were a great conversation starter. Some of them were a little intrusive but I suppose that depends on how well you know your partner and how long you

have been together. I skipped over some because I felt it was information I didn't need to know yet. You may want to highlight the ones you have asked so you can go through the book quickly to ask the ones you haven't - once you get to that point.
