Don't Wake The Baby! (All Aboard Picture Reader)

Synopsis

Nothing wakes this baby— not a beeping car, not a barking dog, not a ringing telephone! But when a tiny fly buzzes by, he finally wakes up. And what does it take to get him back to sleep? A kiss on the nose from big sister! All Aboard Reading titles feature extra-large type, primer-easy sentence structure, and colorful rebus pictures that replace many nouns in the text. This book includes 24 cut-out flash cards.

Book Information

Lexile Measure: NP (What's this?)

Grade Level: Preschool - Kindergarten

Customer Reviews

Wendy Cheyette Lewison lives in Larchmont, NY.

Our narrator, a girl of 4 or 5, tells us about the new baby at her house. The first two-page spread is typical of the whole book: a full-page picture on the right shows a mom and dad bringing a baby home where he is greeted by the family pets and his new sister; the left-hand page inserts pictures for many of the simple nouns being used, and reads -- "We have a new (baby) in our (house). His (hands) are tiny. His (feet) are tiny. He is so cute." The story shows how the baby naps through many everyday noises, though his sister worries about him being disturbed, only to be awakened by

a tiny fly buzzing about. The baby cries. Neither a bottle nor a bunny comfort him. It turns out he wants to be held by his big sister. She kisses his nose and the baby falls asleep. The story is 21 pages of a few lines each, and is followed by four pages of flash cards (six on each page) which are mainly nouns contained in the story. My two-year-old loves the feeling of participating in the reading, enjoys the funny story, and likes to point or say the flash words. I'd bet your preschooler will enjoy it too!

Great book for early readers!

We got the first copy when we were having second child and read it with her big brother. Now we have a new copy for the twins and no more baby in the house. Our twins love the book for all the noisy sound, "Beep", "Bang", "Ring", etc., and later "Shh". It is a love sharing and fun book.

Good book for young kids. They definitely can relate to this book.

I taught my kids to read from these types of books 20 years ago. They are perfect for preschoolers. So glad I found them.

My daughter loves this series. She is so proud about being able to read these books "all by herself." I would give this book 5 stars, but as a breastfeeding mother, I was disappointed that this book, like most of the books we have gotten about "big sisters" teaches that bottle feeding is the norm.

This is a fun book for your child. My daughter has it memorized. It is a good learn to read book, but as far helping you to teach your child about your new baby...that didn't help us here. She is always trying to wake up the baby.
