Customer Reviews

This book has helped me out a lot with just getting into Minecraft. It helps and guide you along your way and gives you pointers on how to survive your first night. So if you're like me and have never played it before and don't have a clue on where to even begin I definitely recommend this book to you! Also if you're not new to the game this book is great for you as well as it might give you some pointers on things that you didn't know you could do or accomplish!
