How To Cheat At Salsa

Synopsis

Many dance classes will concentrate on just teaching sequences. However, learning and dancing just sequences is not very satisfying after a while. A good dance leader responds to the music, integrating turns and moves with changes in the music. A sequence, even a series of sequences, although useful, quickly becomes boring especially with a regular dance partner. A good lead dancer has to be responsive on the spot. As a lead dancer, the subtleties of this were hard to find in the Cornish salsa dance class where I started learning salsa. My later visit to Cuba confirmed that what I had been learning at Mary's class was very much "Cornish Salsa". After clubs, courses, weekend residencies, even my visit to Cuba my question as a lead salsa dancer became: How do I lead an endlessly diverse dance which is responsive to the music, without depending on repetitive sequences? In this book I share with you my own answer to this problem. It's a beginner system for leading a dance without relying on repetitive, pre-learned sequences. So if you have a few moves, in any of the Latin dances, this system can help you to string them together in diversity, and dance like the wind.

Book Information

File Size: 2415 KB

Print Length: 54 pages

Publisher: simonthescribe (January 15, 2016)

Publication Date: January 15, 2016

Sold by: Amazon Digital Services LLC

Language: English
