Such a beautiful selection of photos of Ireland, its people, countrysides, castles, and more. It's a great book to reminisce about your trip to Ireland, or to feel like you've been there if you never have!

We traveled to Ireland this past spring and just loved this country, the scenery, the people, the ruins. So I purchased this photo book as a birthday gift for myself. I was so pleased to see that the photos are in chapters titled "Ancient Sites," "Stone Monasteries and Abbeys", "Fortresses and Castles", "Nature and Landscape", "Irish Gardens", "Towns and Cities", and "People of Ireland." There are many 2 page spreads and some 2 1/2 page spreads (a folded portion). There is an introduction to each chapter and then detailed descriptions for every photo. And the paper is thick and sturdy. I'm

very pleased with this large picture book.

Gave as a gift, she loved it!

Spectacular Ireland One gets curious about where one comes from. Well it seems our ancestors following our fathers line. Ireland A? Cashel? Wonder what that that looks like. What about hopping on a plane and having a look first hand? That will cost WHAT? Mmmm maybe a book with pictures. Now had a Book: Spectacular Ireland measuring 41cm by 30 cm that is 16 inches by 12 inches and 136 pages. The colourful pages often were a double page spread of spectacular beauty. Why would any one want to leave Ireland. Perhaps some other books from about the History of the country will give an insight. Spectacular Ireland came at a good price and proved to be a good investment.

I was traveling to Ireland for the first time, and wanted a book about Ireland county side. The Photographs in this book are work's of art. It gave me great information on the place's I wanted to see while in Ireland. Wonderful book, just for photo's alone.

I was looking for a fine photo tour of Ireland to remind me of the glorious history and geography I will get to visit again this summer. Spectacular Ireland fit the bill perfectly. Before turning even two pages, I was back in the lush and mysterious terrain and, now stimulated, I am delving into folklore and ancient Celtic design. I heartily recommend Spectacular Ireland, as precursor to further travel there or as a memory cache for revisiting, even from your own home!

This is a beautiful book with spectacular photography. I was disappointed, however, in the lack of historical background and descriptions. The other issue: the type is TINY. I bought this for my mother and she needs a magnifying glass to read the copy! It appears to be set in a 7- or 8- point font, which is virtually unreadable.

Saw this book at a B&B in Ireland and had to have it, so was really glad that I was able to get it on . I also bought one for my cousin as well and she loves it. Came in very good condition!!!
