The Edge Of The Sea

Synopsis

The Edge of the Sea is a book by the American conservationist Rachel Carson, first published by Oxford University Press in 1955. It is counted the third book of her so-called sea trilogy. The Edge of the Sea was made commercially possible by the smash success of its predecessor The Sea Around Us in 1951 and 1952. Carson had become a full-time writer and this third book may be called her first as a conservationist rather than a marine biologist.

Book Information

Hardcover: 276 pages

Publisher: Houghton Mifflin Company; First Edition edition (1955)

Language: English

ASIN: B00273BEZI

Package Dimensions: 9.1 x 6.6 x 1.1 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 4.8 out of 5 stars 34 customer reviews

The Edge of the Sea is a book by the American conservationist Rachel Carson, first published by Oxford University Press in 1955. It is counted the third book of her so-called sea trilogy. The Edge of the Sea was made commercially possible by the smash success of its predecessor The Sea Around Us in 1951 and 1952. Carson had become a full-time writer and this third book may be called her first as a conservationist rather than a marine biologist.

Wonderful ! I recommend all of Rachel Carsons book! Each of her books has truly become a classic!!

Ms Carson was a gifted writer, this book is a pleasure to read.

This book gives lots of information about life "on the edge." It is factual account but, at the same time, poetic in nature. The Appendix gives a much drier treatment of the sea life lovingly described by Ms. Carson.

I read the book for the first time many years ago and have recently purchased it again for my Kindle. It has so much in it for anyone who loves the sea and is also curious about the creatures in it. Carson is a gifted writer and the illustrations help make it a real educational experience. Even though it is easy to read, it is not to be read through quickly because there is way too much to be learned.

I absolutely loved this book. She writes beautifully - an real classic to read again and again

Briliant, poetic -- Rachel Carson is unbeatable.

Wonderful book by one of the great environmentalists.

Read this during a Maine island summer holiday. Beautifully written & illuminating.
