Enjoyed

A young couple decided to head west after they were married along with the family, after traveling for a while they all died from the fever leaving the girl all alone. A Doctor had become lonely when his sister marries and he advertised for a Bride, the girl answered the advertisement and became a big help to him. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me entertained throughout the entire book before putting it down. A great book.
