The Official Beckett Price Guide to Baseball Cards 2010, Edition #30 (Beckett Official Price Guide to Baseball Card)

This book is so small (4 1/2" x 7" - some where in there) and the wording is TINY. Besides my reading glasses I will need a magnafine glass to see it. The Beckett price Guide books are pretty worthless.

The best official price guide i have ever used. Lots of prices for the collector at heart. Just keep in mind sometimes card values can change according to who you are buying it or selling it to. Well worth the purchase.

I needed a magnifying glass to read the listings - the book covers a relatively small number of baseball card issues - I preferred the Sports Collectors Digest Standard Catalog of Vintage

Baseball Cards.

Graet
