Customer Reviews

Since I joined as a developer, I have continuously tried to enhance my English. And this book is really helping me a lot. Thanks.

As English not my mother tongue, I learned English from textbooks since middle school years. Though having English conversation courses, the idioms and slangs were not covered in the formal spoken English lessons, despite we studied hundreds of English phrases. I came to the USA and found American's colloquial English was hard to understand, for example, "He drove me nuts!", "Way to go!"..Now I finally understand what they meant. This book is very helpful. The lessons were arranged consistently in real life scenes, very vivid, cordial and interesting. Combining with the CD for practice, I pick up the sentences instantly without sparing any effort to learn by heard. I highly recommend this book for anyone whose native language is not English.

Fantastic book for E.S.L. students; the entire series is wonderful, very positive stories and prepares the whole class for a better understanding of our everyday language. I have been using this series for the past 4 years and every time that a new book comes out I communicate with my students and they all come back. My class has an average of 15 students each semester and we all love the "Speak Like an American" series. Thank you Amy Gillett for your great job, please keep the ball rolling ...

How can I hear the conversation?, I don't know. tell me.

This book is super useful if you are looking to improve your English skills. Being a foreigner is not easy and this book has helped me out quite a lot. Thanks.

This is the fourth book I got my hands on from the same author. It is as great as the others. Nice work!

Is a good one .If the price can be cheaper i would like give it five stars .Is helps learn more American English

When something is cool, does that mean it's good, or does it lack warmth? "More Speak English Like an American: Learn more idioms and expressions that will help you speak like a native!" is a guide to such language idioms that so often grant foreigners a snag when trying to learn the American form of English. Advice on understanding phrases and dialects throughout the country, it's an ideal guide for foreigners looking to fit in and make a good impression. Enhanced with a CD-ROM which includes pronunciations, "More Speak English Like an American" is a valuable resource, earning it a solid recommendation for personal, academic, and community library collections.
