Customer Reviews

I really liked this novel. There is a lot of foreplay and sex. The characters are well written each with their own little insecure quirks. The descriptions are well written without being too little or over bearing. Hope I get the chance to read the rest in the series as this one !

This short story made me feel hot while reading it. The book was well written and the plot was great. A hot collection of threesome romance indeed!

Love it

Wow, these stories were short but very very hot. I generally try to keep my interest in reading these types of stories on the down low f@ck on the train or in the coffee shop. But I digress. Overall, the stories were well written, enticing, and I was hooked from start to finish.

I love reading erotica books , so it was an amazing experience to read these short XXX stories

Amazing stories. I love the how captivating and the erotic scenes keep you hungry for more. Each story makes you want to read the next.

These erotic short stories revolve around BDSM, billionaires, and mousy brunettes, but the most popular titles do have one thing in common: a great love story. We love love. Finding the right erotic novel only requires your willingness to explore or have an answer (or several) to the following question: What turns you on? This is not that book to understand it and to figuring that out. It's a dirty book.

Some of the stories read as if they were translated from another language making the read choppy. Most of the stories are predictable.
