Customer Reviews

I love books like this. The writer had an unconventional and interesting upbringing to say the least. Rather than reading a bunch of frugal tips, the author tells her story about her family and what brought her to be frugal?

I love Kate Singh's books. She is not afraid to show her flops, and she doesn't crow her successes. She lets the reader know that living a good life sans all the costly gimmicks that cause folks to go into debt is not only possible, but vastly preferable to the main stream. Keep writing Katie girl, you have a lot to teach!

Such an amazing story of her life and the different struggles, triumphs they endured and celebrated. Becoming frugal along the way out of desperation, healthier living and pure hobby. I see some many similarities in our own lives. It was a nice persptive into the struggles of obtaining a healthy and happy home. Thank you for sharing you life story.

Kate Singh is a fantastic writer! In this book she evens tells us about her earlier years, along with living it up some and how she brings herself back down to reality and living within her means. What to do and what not to do when it comes to living the dream with where and how we find it. She lets us inside her life once again and never ceases to amaze me with her great writing! I read this one in one sitting to! Kate Singh I'm a fan for life and look forward to reading your books forever! This is definitely a 5 star read! My kind of book! We can all learn dearly from her I already have. She has a story all should read! I loved it! My kind of book for sure!
