David Miller is an ex-soldier and firearms specialist who has encountered and fired many of the guns featured in this book, during his military career.

I bought this book to use as a gun encyclopedia. It has descriptions, history, and photos of each gun. A must have for any gun owner. Or for someone who loves guns!

A very interesting and informative book. An excellent addition to my collection.

Very happy with the illustrations my Dad is a gun enthusiasts and he loves it, I've seen him looking at it often, thank you for making him happy.

The book gives an overall idea of fire arms made world wide. It is arranged in a systematic order where any gun can be found rapidly making an index unnecessary.
