If you have a Thomas the Tank engine fan this is the perfect way to make a little something special for them. Since its cross stitch you can use waste canvas and do designs on anything from sweat shirts to pillows.

It would have been very difficult to cross stitch these patterns because of the way the graphs were set up. This book already went as a donation to Goodwill.

This is an excellent cross stitch book. Thomas the Tank Engine and Friends charts are very hard to find. I love this book and plan to make many items for my little nephew.

This book is awesome

Very happy with this book. I have a grandson who is over the moon about Thomas the Train. Looking forward to stitching a few toddler bibs and t-shirts for him.

When looking for Thomas cross-stitch designs for my son, I found this book here, but I wasn't

impressed with the samples shown on the cover. They look like something I would design myself. I ended up buying "More Storybook Favourites in Cross-stitch" by Gillian Souter and am very pleased with it. It only has 2 Thomas and friends designs: one with Thomas pulling Annie and Clarabel, and another with James, Edward, Percy, Thomas, Henry, and Sir Topham Hatt. In the second design, all of the characters are separate so you can mix and match to customize. I then saw this book at the bookstore today and was glad that I hadn't gotten it. There are a lot of different designs, but they are all flat and unimpressive like those seen on the cover. The designs in "More Storybook Favourites in Cross-stitch" are more 3 dimensional and realistic looking. If you're looking for quality over quantity, I suggest Souter's book or there are some old issues of magazines like The Cross-Stitcher and TV Stitcher that have Thomas designs in them.

I have been doing counted cross stitch more than 20 years. These are the worst patterns I have ever seen. Rather than using the symbols for the different colors, they use colored squares. On the dark colors, it is difficult to see the number of squares. Many of the patterns are small and not even of the trains. I received the book today and it is going back tomorrow!
