# You Are Friendly (Paperback)

## **Synopsis**

Children want to make friends and be friendly. This affirming book from Maren Green Publishing lets children know they have real skills and competencies and helps them build important social skills. Sharing, saying "please" and "thank you," inviting others to join in and play, treating people and animals kindly, and offering to help are all ways to win friends. *You Are Friendly* is written in simple words and is vividly illustrated with scenes from daily life. Children are drawn into the colorful pictures that show kids their age at home, at play, at school, and with family members. Like our world, the illustrations are multiethnic. *You Are Friendly* guides children to create healthy, positive relationships with others and invites them to see themselves and say "I can do that!". This book is part of the paperback series that includes *You Are Healthy*, *You Are Helpful*, and *You Are Brave*.

After receiving this book for one of my children, I purchased this for a one-year-old family friend. Her parents were thrilled with the message. This book is well illustrated and is a good way to teach children the importance of being friendly. Love this book.

Perfect for my preschoolers. Held their attention with bright illustrations and simple, but thoughtful text. Prompted wonderful discussions of how to be a friend!

Love this book!

Great board books. Affirming text for young children. Lovely illustrations. Build a little library for a great gift!

Wonderful book and pictures. Gave the set as a gift!

This book is great for teaching good interactions with others. A couple of the pages seem a little redundant, but I love that we can say "How can you be friendly?" in situations and they remember how they are supposed to behave.

This book and the others in the "You are Series" are great tools to empower children. They teach children the importance of being who they are and to accept the differences in others. A great read for the family or a school setting. The earlier kids feel special, the more they will feel they can do. And, the more likely they will want to help others feel the same way. These books help with that!
