The World Of Columbus And Sons

Synopsis

This is the story of a wonderful, changing, reawakening world the world of the Renaissance and Reformation. Measured by the lifetime of Columbus and his sons, this book spans the years from 1451-1539. With Columbus as the central figure of this narrative, readers will also learn the fascinating stories of Prince Henry the Navigator, Ivan III of Russia, Gutenberg, Queen Isabella, Leonardo da Vinci, Mohammed II, the African ruler Nomi Mansa, Martin Luther, Erasmus, Albrecht Dürer, Copernicus, Michaelangelo and many others. Told in Foster's engaging and winsome style enhanced by her helpful chronologies and timelines, readers will learn of the religious, cultural and scientific changes that ushered in a new frontier of exploration and discovery.

Customer Reviews

"Nothing is more critical, I believe, than that children growing up in these critical explosive days should be given an understanding of American history as a part of the history of the world. Every year this grows more urgent, as increasingly rapid communication integrates world events more closely and the impact of foreign affairs on our own lives becomes more serious and immediate." Genevieve Foster wrote this nearly fifty years ago. It resonates with perhaps more truth today. As a result of this clarion call we have sold many of her enduring "World" titles because of the timeless nature of her books. Her writing style is clear, concise and fluid with her greatest strength as a storyteller being her ability to bring her readers right into the minds and times of her characters.

I like this as an alternative to textbooks, for teaching history to my children. I think it gives a pretty honest viewpoint, appropriate for children. However, it is a bit dated, so there are some things you

may want to pre-read and change, since some of the words are not really acceptable to use anymore.

I always love her books! I wish a few more writers would adopt this format. Like taking a slice off a tree trunk, Genevieve gives her readers the story not only of the key character but of all the world during their lifetime. The pieces of information she incorporates often contain tid-bits I do not find anywhere else. The illustrations (while b&w) are always very well done and eye catching. I'd definitely recommend her books to anyone - particularly those seeking to learn more about a specific time frame and those teaching their children at home. (Note: My son was in 4th grade when we used this book. We read it together. I think an advanced 4th grader could read on their own - but it is probably more a 'normal' junior high level. Also, these books do not 'focus' or downplay / up-play one 'religious' viewpoint over any other. Therefore unless you are seeking purely Christian or purely something else, these books should cause little to no 'issues' on that front.)

As usual, superb work by Genevieve Foster. The book is lively and broad in scope, covering the history of the world during the time of Christopher Columbus. There are a few minor errors, but if you know your history, you will catch them.

Thank you

I love the story versions of history. Our family gets so much out of these Foster books.

Love learning!

great book

all of this author's books are amazing! this book was in great shape and shipped quickly. i consider these books great material for teaching history to children.
