## Customer Reviews

Dan Longo MD is Scientific Director, National Institute on Aging, National Institutes of Health, Baltimore Maryland. He is the Harrison's editor for gastroenterology chapters. Anthony S. Fauci,

MD, is Director, National Institute of Allergy and Infectious Diseases, NIH, Bethesda, Maryland. The contributors represent the best of the best in GI and liver disease pathophysiology and management. Anthony S. Fauci, MD Chief, Laboratory of Immunoregulation Director, National Institute of Allergy and Infectious Diseases National Institutes of Health. In 2008, Dr. Fauci was awarded the Presidential Medal of Freedom, the Nation's highest civil award.

overall, an excellent gastroenterology book.....however, too much biochemistry, for me.....the treatments went in to too much detail, like in the hepatitis section, which I found overwhelming for a primary care doc; seemed to be perfect, however, for a gastroenterologist.....highly recommend the book.....should be enjoyed by the primary care doc.....ken Humphrey, md, abem, abfp.....

Great Book must have and Read

very good book

just buy one for myself, as description. This is the first "larger product" in our kitchen collection. Thus far (one week), it is sharp, performs well for chopping and slicing, and has excellent balance and weight. Time will tell how it retains its edge and resharpen. fast shipping. value for this price.
