# Edge Of The Heat Box Set Books 1-7: Edge Of The Heat Firefighter Romance

## Synopsis

On Sale. Steamy, swearing, mature topics, suspenseful. What if your ex-husband was an abusive, dirty cop, and he was convinced he would get you back someday. What if he was willing to do anything to make that happen? Do you think it would scare off your new boyfriend, a strong, hot firefighter? Not if he has secrets of his own ...Six full-length novels and one novella. 500,370 words. Over 1500 pages. Books 1-7 of the best-selling Edge of the Heat Series. This is the complete series (for now) and also includes three free books The Billionaire's Secret Kink 1. Unauthorized Affair, and Hide My Memories. Edge of the Heat follows four couples on their journey from disaster to happily ever after. Here is the synopsis for book one, but I don't want to include all of the descriptions here, because they include spoilers. Following a near death experience, firefighter/paramedic Emma Hill's world is turned upside down. Haunted by a vision of the man who could very well be her soul mate, Emma is desperate to find that man, but fear stands in her way. With a maniacal ex-husband determined to get her back, Emma struggles to stay clear of him or risk living a life riddled by quiet desperation and abuse. Fighting with a dirty cop is dangerous enough, but when that dirty cop is her ex-husband the stakes are raised to disastrous levels. Craig Masterson, the firefighter who saved Emma's life, finds himself falling for her. When he learns who her ex-husband is, he realizes that this is a battle he may not win. Choosing to love her is a deadly game. If he can stay alive, their love may flourish, but only if he can defeat her ex. Heat level: low (for this book - the rest in the series are moderate to moderately-high), suspense, thriller level: moderate. Some swearing. 18+

## Customer Reviews

Edge of the Heat boxed set by Lisa Ladew is non-stop suspense and action. In this complete series, each of the seven books are well written with tight plots and filled with twists and turns. All of the characters are deeply developed, making them likable and memorable. The romantic element in this series is only a narrow part of each story, however the chemistry between each couple is hot and sexy. I am glad I waited to read the boxed set because a couple of the books would not have been stand-alone. For example, books one and two feature Emma and Craig's story. She is a firefighter on EMS duty and he is an FBI agent undercover as a firefighter. Their story and the larger plot threads through the first two books and into the third book about Hawk and Vivian. Book four is more of a novella that brings a satisfying HEA to books one through three. However, both couples are also featured in book five, Jerry and Sara's story and book six which features J.T. And Dani's fast paced story. In book seven, Craig and Hawk find themselves and their families in someone's cross hairs again as the last roller coaster ride takes off with more surprises in store. This is a great series, but be warned - if you will not want to stop reading, even when you know you should.

Absolutely loved this series! Though I am partial to firefighters and any man in uniform. The writing was terrific with the right amount of suspense and action and some romance in there as well. You can't go wrong with that! Loved all the characters and I can't wait to see what happens when she continues the series.

I love this series! Just the right blend of mystery, suspense, intrigue. I won a contest and received Book 1 as an audible. I fell in love with the plot and had to purchase bundle. Yes each book ends in a cliffhanger but bundle ties everything up. Heat 8 is out now and more the story given. Great series! Very mindful author that delivers thought-provoking storylines. You won't be disappointed!!!

I have read every book Lisa has written. Her characters are realistic, and one of us readers can relate to one of them somewhere in one of these books. I love the Heat series. I see where some readers are complaining there aren't enough fires & firefighters. Just keep reading, develop the relationship with the characters. Take their journeys. They grow on you. You will love them.

I found this series after reading a newer series written by Lisa Ladew and believe me I love reading the books that I get to read with my Unlimited Prime but when I find a book or series that I truly like I will go back in and purchase the book or series, which I've done with this series and others that I've enjoyed. To me the best way I can show how much I enjoyed a book or series is to purchase it. This series starts out with two Paramedics that have each other's backs and a hot firearm who catches Emma's eye. But it not a story about a fireman as the cover leads you to believe but a world in which they live in. HEAT 1 starts out in pursuit of corruption at so many levels and those who look for answers and do whatever is necessary to find those answers and those they find along the way. As the series continues your finding lost souls, twists of fate, people's secrets, hopes and desires. I enjoyed all 7 and look forward to the next installment to this series. Remember I'm not great at these reviews but when you find a good one book or series you just have to speak up as best as you can, thank you Lisa!!!!

I loved all of these books! What a great bunch of books! I can't wait for the 8th book in this series. I loved all of the characters and then seeing how they are all related to one another. Great series!

Heat is a great name for this series. Emma, Vivian, JT, Jerry, Craig, Hawk, Dani, and Sara are great characters that take you on a Rollercoaster ride of adventure and government corruption and bring you out to the true meaning of family and friends.

Book 1: Emma and Craig meet. Book 2: Craig is shot, Emma finds her sister, Norman kidnap Emma and Vivian. Book 3: Vivian and Hawk find love. Book 4: The wedding. Book 5: the love story of Jerry and Sara. Book 6: rescue of TJ and Dani by Sara. Book 7: baby are born and we met Knot. You love this books.
