Customer Reviews

Leisure Arts is a leading publisher and distributor of "how-to" and lifestyle publications with emphasis on creative crafts, needlework, decorating, and entertaining.

Leisure Arts is located in Little Rock, AR.

Love this book, has a good variety of lacy, beautiful Christmas decorations. Many of the decorations can be made up quickly (not that anyone could tell!) and given as a "last minute gift", just in case. This is a great book for a beginner to try thread crochet.

I've been making crocheted snowflakes for years and enjoy giving them to friends and teachers for Christmas gifts. This pattern book has some BEAUTIFUL snowflake patterns! There are large, medium and small sizes--also some "icycles" and snowflake "chain" patterns too. I haven't tried the three-dimensional snowflakes yet. Each pattern has an accompanying photograph, so you can see what the finished snowflake will look like. My only complaint is that there are no illustrations or instructions for how to do each stitch. (Even though I've been crocheting for 30+ years, there are times when I put it down for months at a time. When I start crocheting again, I've forgotten how to

do some of the more complicated stitches. This is not a book for beginners. Still, the patterns here are VERY lovely.

My wife loves this book. She is getting some pretty cool projects out of it.

I loved a lot of the projects in this book. Not only can I make snowflakes, but there are patterns to make easy crochet icicles! This book also included a pattern to make garland with a fancy thread design around a strand of craft beads. I made two garlands; one was white thread around white pearls for a dressier Christmas tree and the other one was with red thread around white beads for our family room tree. This is a great book for crafty crocheters!

I have several pattern books for crocheted snowflakes but this one is the best. They are so "snowflake" like. Not only are there different sizes of snowflakes but a snowflake garland, tree skirt, and more. I have an addiction for collecting snowflake patterns but now I think I have all I need. I highly recommend this book.

I love this book! I ordered several other books before finding this one. Many of the snowflakes work up very quickly and look delicate...which is what I was looking for. I'll be using this book many times in the future. Highly recommended for anyone looking for fast easy delicate snowflakes and icicles.

I like it! I can't wait to try some of them. But the instructions have already assumed you have made your beginning loop so it's not actually written in the book. Just FYI. It was a thinner book than I expected but that's ok.

I have cut snowflakes out of paper, and stitched them on fabric and now I can crochet them for my Christmas tree, too. I was always called my mother's little January snowflake. So I love snowflakes for decorating in the wintertime and I think the snowflakes in this book are gorgeous. There is even a treeskirt for the tree with a snowflake pattern! I can hardly wait for Christmas!
