IPad For Dentistry: Digital Communication For The Patient And The Dental Team

Synopsis

iPadentistry is an innovative approach to digital dentistry that simplifies the use of smile design protocols for chairside digital communication. The author demonstrates, step-by-step, how to apply the smile design technique in everyday cases as well as how to use this technique of visual communication to educate patients. Learn to encourage awareness and confidence in patients and how to increase their acceptance of treatment plans. Discover how this method can improve communication among the entire dental team.
