Customer Reviews

Loved this about a group of Orphan girls who had found husbands out west through a Bridal Agency. The girls were looking for a family some telling the men they were from well to do families , the men knew that they were not. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters.

I am always intrigued by Ms Katie Wyatt's story telling, she leaves me just a little light and misty feeling. I probably shouldn't get into stories of Mail order brides, I'm a seventy-eight year old man!, but I was always a dreamer. I always love Ms Katie's stories.

I recommend this series. This series is about orphan girls who had to leave the orphanage because of its closing. These young ladies embark on journeys of finding husbands. Great characters.

This is the fifth book in this series about seven orphans being mail order bride in order to stay together

I like your longer books. I don't like to just get started with a book and have it end so soon. We were barely in the air before the book ended.

I'm enjoying this series of the mail order bride. The books are very refreshing and hold your attention. I recommend this series!!!
